Hi! I'm a web developer with 2+ years of experience. I constantly develop and try myself in different IT fields. But still, I get more fascinated by developing apps and building websites. Therefore, I am keen to gain more and more experience in the front-end development field.

Currently, I am a 6-year student at Lviv National Polytechnic University on a Cybersecurity specialty.  
When I'm not pushing pixels or coding, you'll find me in the gym or swimming pool.
